## Body of Webster Man Missing For Six Weeks Found Near His Cabin Thurs., April 16th

**Inquest Not Considered Necessary—**  
Investigation revealed that Barnes fell from exhaustion and perished with the cold when Mercury registered 40 below zero.

The body of Joseph Barnes, who had been missing for about six weeks, was found by a neighbor on Thursday morning of last week about 150 yards from his cabin on his homestead two miles south of Webster.

Police were immediately notified and Corporal Hymet, Constable Dick of the R. C. M. P., accompanied by Constable A. E. Dalway, went to the scene and on investigation it was decided that the unfortunate man came to his death through misadventure.

When Barnes mysteriously disappeared Constable Dick, accompanied by a posse of residents of the district, made a thorough search of the country, which was made difficult due to a heavy fall of snow, but could find no trace of the missing man.

With the mercury reading about 40° below, Barnes left the store at Webster about 7:30 in the evening and started for home. That was the last seen of him alive.

Barnes' body was extremely cold, there was a strong wind blowing and Barnes evidently missed his way and fell from exhaustion.

One of the rubbers of the deceased was found near his cabin and the conclusion of the police and coroner was that he went past his home.

Barnes, who was a bachelor, and living alone, has no relatives living in the district so far as known.

The body was brought to Grande Prairie.

## Inspectorate Track Meet To Be Held Saturday, May 30

Plans are now being formulated for the annual Grande Prairie Inspectorate Track and Field Meet, which will be held in Grande Prairie on May 30. Last year there were over six hundred entries in the 41 events. This year the number of entries is increased to 45 and it is expected that there will be a much larger attendance at this meet.

This year there will be a change in the method of awarding the trophies. To encourage the school children to take part there will be individual trophies awarded for each event in the sports. A number of these trophies have already been donated by school children and it is expected that several more will be donated.

The committee in charge of the Track Meet this year are: Messrs. H. T. Sparby, W. M. Powell, and H. C. Melness.

## G. P. School Fair Association Lay Plans For Fair

President Balmer occupied the chair and Alf Field acted as secretary.

The following officers were elected: President, School Inspector L. A. Walker; vice-president, E. M. Lanoie; secretary, H. G. Black.

The executive will be composed of one director from each of the school districts participating in the fair.

Inspector Walker observed that the amount paid for prizes should not be the basis of the fair.

It was left to the executive to set the entrance fee.

It was decided to ask the Department of Agriculture for small financial assistance.

The setting of the date for the coming school fair was left in the hands of the executive.

## "The Catch of The Season" Draws Two Full Houses

Musical Comedy Proved a Real Success—Audience of Orchestra Adds To Pleasure Of The Evening Show—All Parts Well Acted.

The winter of 1935-36 was a long-drawn-out affair, with the month of February especially successful as a joy-killer. April, after giving promise of an early spring, became apocryphal, bringing generally disagreeable still hovered over the agricultural industry.

During the long winter, few were seen to indulge in a real good hearty laugh. Not that they did not want to, but because of the thing happened to provoke mirth. News from Europe was far from reassuring; the division had not paid; the National Bank had not been created. Residents of Grande Prairie and district longed for a break in the monotony—something in lighter vein, something that would give them a few hours to forget the gloomy atmosphere.

Thus last Monday came along the musical comedy, "The Catch of the Season," presented both afternoon and evening at the City Hall by St. Joseph's Dramatic Club, with Fred Hickman and Arnie Simpson as principals.

Having before two packed houses, the company reflected careful training and good preparation.

The matinee was staged particularly for the school pupils and acted as a training exercise in more finished production given at night.

The comedy is so written and arranged as to put anything that even resembles gloom or depression on the scene in the shortest possible time.

This was the interpretation which the cast put on the play; they felt that this was a real day to form in these weak piping times when prosperity, which has been round the corner for many months, has not yet made its appearance—and take it all in all they reached their objective and their plot.

The plot of the comedy is centered around a visit of Lord Northwood, who turns out to be an importer and Jack Stanford to the Grandleigh Hotel in Ontario.

Lord Northwood, as Lord Northwood, had a difficult role to play, but he did it admirably to the occasion. Possessed of an excellent sense of well-timed voice, he was splendid in his timing.

Sam Brown, the black servant, was a most comic figure. His role, as he acted the delightful lazy negro role, typical of the type one sees in the movies, was played with a sure touch.

He did not step out of character. He was a play when he made his first appearance and he was loyal all through.

His related every temptation to over-act, or over-act.

The following officers were elected: President, School Inspector L. A. Walker; vice-president, E. M. Lanoie; secretary, H. G. Black.

The executive will be composed of one director from each of the school districts participating in the fair.

THE THREE MEN TRAPPED IN NOVA SCOTIA MINE

Here are the three men who were trapped in the Moose River Gold Mine, Moose River, Nova Scotia, by a cave-in. They had recently purchased the mine and were inspecting the workings 150 feet below the surface when the crash came. At the left is Dr. David S. Robertson, prominent Toronto surgeon; top right, Herman R. Magill, Toronto; and bottom right, Alfred Seadling, also of Toronto, who was a timekeeper at the mine.

## Heroic Efforts of Miners Save Two Entombed Men

MOOSE RIVER, April 23.—Victors over 240 hours of hunger, exposure and dread in a cavern far beneath the earth's surface, Dr. Robertson and A. Seadling were brought up from the Moose River Gold Mine's cave-in pit today. Dr. Robertson was brought out at 12:44 a.m. Atlantic Standard Time. The body of H. Magill, who died Monday, unable to withstand the unguessed hardships of the black pit, was brought up later. Robertson and Seadling were rushed to hospital.

MOOSE RIVER, April 23.—Skilled doctors, with all needed equipment at hand, began today restoring Dr. Robertson and A. Seadling to normal strength after their ten days of hunger and exposure in the Moose River Gold Mine. The two were brought to the surface early this morning by daring miners who had burrowed a tortuous, dry tunnel through some 200 feet of "live earth" to effect the rescue.

The third man, H. Magill, died of pneumonia, according to Dr. Gordon, at his home, last night. Ben Allen, left on Tuesday night's train to Penitentiary, B.C., where he will be employed with the latter in the plant of the Moose River district.

Ben Allen came to the Peace River two years ago, worked over a year at the mine, and was recently promoted to play hockey on a local team. He is looking forward to a visit to his home in Moose River, B.C., where he has a family.

Presented With a Beautiful Leather Suitcase and Purse of Money—A. Miller, Ben Allen's Successor, Introduced.

R. E. Bean, superintendent of elevators in the Peace River for the Northern Elevator Company for the last five years and recently promoted to the position of general superintendent in the head office at Winnipeg, was the guest of honor at a banquet tendered by some fifty friends on the eve of his departure.

George Chard, superintendent of elevators for the P&W, who was in the chair, said: "I know you all join with me in wishing Mr. Bean every success in his promotion. He has then presented Mr. Bean with a beautiful leather suitcase.

The chairman then introduced J. H. Bunting, local buyer for the company, who presented Mr. Bean with a purse of money. The company's buyers throughout the Peace River, Mr. Henning said that he joined Mr. Bean in wishing him every success in his new field of endeavor.

In reply, Mr. Bean, who was noticeably touched by the expressions of goodwill, observed at the outset of his address that he was "letting down, as speech-making is not my specialty."

Continuing, he observed that he would carry with him many pleasant memories of the Peace River, adding that he would like to visit him at Winnipeg.

The chairman then proposed a toast to the guest of honor.

A. V. Miller, who succeeds Mr. Bean was then introduced and got a warm send-off.

Following the partaking of the wonderful "spread" everyone stood and sang "For He's a Jolly Good Fellow" and "Auld Lang Syne."

The singing of the National Anthem brought the most interesting evening to a close.

TOTAL RELIEF DISBURSEMENTS

## Two Families Have Thrilling Escape At The Big Smoky

FAUST, April 20.—Circumstances taking a desperate chance, W. L. Frost's family with six children, and that of Dr. H. O. Simpson's both from Halls, B.C., breathed a death sigh of relief when they had safely got across the Big Smoky.

By noon on Monday, Mr. Frost drove onto the river at midnight of the 19th. Shortly he was in a swirling stream, with water over the floor of the car and the motor stalled.

Waiting for five minutes to throw him a rope, the second car met the same fate. Their doom was sealed, as it seemed for a while. But luckily there were men on the far shore to whom they called.

Every minute counted. An immediate break-up, racing water was flowing on either side, with the fire falling and dry in the middle. It was but little shot of certain death to go into the river at this point.

But, somehow, whatever there may have been, instantly vanished when the two cars came to the far shore to whom they called.

### PIPESTONE CREEK

#### ICE HOLDS UP MAIL

PIPESTONE CREEK, April 20.—The mail delivery was held up on Friday last waiting for the floating ice to clear so that a crossing could be made. The delay was accounted for by Charlie Sutherland and the latter, who is now turning out butter on a small scale across the river, has just moved here from Grande Prairie to open business with larger equipment.

Several for shipments, recently held up by the impassable river, have moved across by boat. This is at times a risky proceeding and every one welcomes the news that the ferry is on the move.

#### FERRY LAUNCHED

Rumors that the ferry would not be operated this year by the government were dispelled this morning when the old tub entered the water at 11:05 o'clock, thus discounting the report that it was a measure of economy. The residents across the Watpiti would turn about to run the boat this summer.

#### MAY FIRST MAY BE BUSY DAY

It looks anywhere from doubtful to certain that the waterways department are going to be very busy shortly, as it is expected that 300 head of cattle will be crossing the ferry about the first of May. Max Ernie Ferguson and Pete Wrasidlo have contracted to herd this number of cattle for the summer. The animals will be taken into the Nene Creek area in the bold hand about fifty miles south of the river. This event will coincide with the arrival of the Hermit from Two Lakes, who is reported very short of supplies and in need of about the beginning of May.

#### TO CANCEL 24 HOMESTEADS

The news that the South Watpiti School Board will immediately cancel 24 homesteads in the vicinity of the schoolhouse has been received with acrimony in the district. This will force non-residents back onto their land or make the same available for new settlers. The animals will be taken into the Nene Creek area in the bold hand about fifty miles south of the river. This event will coincide with the arrival of the Hermit from Two Lakes, who is reported very short of supplies and in need of about the beginning of May.

#### MOVE SAWMILL OUTFIT UP HILL

Having completed the contract to saw lumber for the Mackinac, Hosker & Son moved their outfit up the hill to the old homestead site, where the municipal culvert timber will be sawn.

Great difficulty was experienced getting up the hill, the outfit being mired down for some time. During this time a stranger came along and the following conversation took place: Stranger: "Excuse me, but perhaps I can help you out. There are a few things I can tell you about your make of tractor."

"Please keep them to yourself, old dear. There are ladies present."

#### CREEK ALL SWELLED UP

Pipestone Creek has assumed the proportions of a river for the last few weeks and has been made use of to float logs down to the sawmill.

It has incidentally been very difficult to cross, as Slim Olson knows to his cost when in endeavoring to cross in a cutter, he was obliged to swim and had great difficulty in extricating the cutter and logs floated downstream.

A Hosker crossed when the creek was at its highest, the water coming well over the saddle. The following perishable goods were on the saddle: Jelly powders, buttermilk, yeast cakes, cigarette papers and packet tobacco.

#### HEARD AT THE BLACKSMITH SHOP

"The wife wants me to buy her a new pair of shoes," said a man last night.

"I thought you bought one last year."

"I did."

"What did she say?"

"I know you did, dear. But think how long the fox had had it then."

#### "CYCLONE SALLY" MAKES HIT

The three-act comedy, "Cyclone Sally," which was sponsored by the Lymburn Women's Institute, was enthusiastically staged in the Lymburn Hall on Wednesday, April 8, and in the Circle Bank Hall on Monday, April 13. There was a very good attendance at both places and the play was enthusiastically enjoyed by all. It had been planned to take the play to the Al-bright Hall on Wednesday, April 15, but unfortunately, owing to the condition of the road, it was necessary to indefinitely postpone the date.

The proceeds of the play are to be divided equally between the Institute and the Lymburn School.

#### ENTERTAIN PLAYERS

### TUPPER CREEK

#### BIG TIME AT APRIL FOOL DANCE

TUPPER CREEK, B.C., April 21.—The "Fool" dance at Swan Lake was a big affair. First band of waltz were played, couples began to circle and gradually about 1000 people gathered to see a big band, "April Fools," held up by two floor managers, Alford and Hanson and Bush. The band, dressed in white suits and red ties, played a variety of music, such as the spirit of one of the gayest parties put on in the hall at Swan Lake.

Novelty dances were the feature of the evening and were won by Mr. Dow and Mrs. Brunning and Mr. and Mrs. Gorgemann.

The "Aids under 500 sucker dance" also provided a great deal of amusement.

Main event of the evening was the "sucker contest," in which Mr. Hulger declared he had had a dinner in his mouth before he had found out it was only cotton batten in one of the biscuits.

Mr. Sam Gardner is to be thanked for his cooperation as orchestra leader. Mr. Austin and Mrs. MacLachlan, convener of the dance, in making it such a success.

Mr. A. Austin returned after a successful trip to the north—a ten day trip.

Rev. Mr. Lidske held services in Swan Lake and Tupper schoolhouses. Poor crowds, owing to bad weather. Hope there will be more out.

Mrs. Aubrey, baby daughter, and Miss Gehring spent Easter Sunday at the home of Mr. and Mrs. A. D. Schaffner.

Mr. C. B. Dow and Ollie Gullbranson spent Easter Sunday at H. D. Brunning's.

Miss MacLachlan spent her Easter holidays with Mrs. A. Austin.

Mrs. Aubrey went to Pouce Coupe on Tuesday's train, to the dentist. She will be home about the 25th.

Mrs. F. B. Dow has a baby daughter. They are both doing well at Pouce Coupe.

Mr. and Mrs. Dickson returned home on Friday's train.

#### SEEN AND HEARD

What a wonderful afternoon! Walter looking like a farmer driving a team and wagon. He was taking the school children to Tupper Creek. What a country, when you can't drive a car.

Frank and Arvid are rushing the season by taking a dip in the lake.

#### EAGLESHAM NEWS

VINYL DANCE WENT OVER BIG

EAGLESHAM, April 20.—Monday, April 21, was a big night for the boys of the War Veterans Club in Eagle-sham and they are proud of the success of their Vinyl Dance held on that night. Despite the absence of the roads, the dance attracted a goodly crowd, all prepared to enjoy themselves. We hope the boys will sponsor many more such enjoyable affairs.

"IF WE ONLY HAD ROADS!"

"If we only had roads!" is the cry heard on every side from our farming community, who feel that, given good roads, their access to their marketing centre, they would in a short time be a self-supporting, independent little community, free from taxes completely instead of grudgingly, and co-operating wholeheartedly with the performance of the promise made by the latter on various occasions, through its different spokesmen. What the dividends just a small portion of that two-million-dollar appropriation for the highways would pay in this community!

#### NO TROUBLE TO SELL TRACTORS

Talk of seedling is in the air and we notice Cyril Forget (who firmly believes in the proverb, "The early bird catches the worm"), rushing around securing orders for farm machinery and meeting with considerable success, apparently having no trouble in disposing of Massey-Harris tractors. The only difficulty encountered is getting the tractors home. "If we only had good roads."

#### OLD RESIDENT PASSES AWAY

It is with feelings of the keenest regret that we record the passing of one of the oldest residents of the district, Mrs. Leon Siquet, who passed away suddenly on Easter Sunday morning, Mrs. Siquet, who has resided here since 1929, was a well-loved and highly-respected member of the community, remembered fondly by those who knew her in the early days for her unfailing optimism, ready good humor and cheery advice.

Our sincerest sympathy is extended to her sorrowing family. Requiescat in Peace.

Mr. and Mrs. Tedulinsky, who have been "sitting" on the section, returned to Sexsmith last week, being replaced by Mr. and Mrs. Berada, Dawson Creek.

Mr. W. C. Pratt, of Grande Prairie, was a business visitor in town last Friday.

Mrs. A. Amundson, accompanied by Dr. Johnson, Vanhous, took a trip to Grande Prairie, Monday, April 20, for a medical consultation. We are glad to say that Mrs. Amundson's fears were groundless and she was able to return home on the next train.

#### WERE "KIDS" ALL RIGHT

We were fearfully excited when we were told that "Kids" had been presented with three "kiddie" toys to find later that the dear old gentleman kept a good one.

Mr. and Mrs. A. Powers spent Easter Sunday afternoon with Mrs. O. Forget.

Now if we had good roads we could enjoy a ride in Ted's Auburn, but as it is—well—what's the use?

#### SEEK TO TRAP BANK ROBBERS

JOHN SR.: "Well, son, I'm glad you are doing so well with the outfit. You are going through my old experiences of hard but satisfying work. We are happy now to rest."

JOHN JR.: "You deserve to rest after all your years of hard work and I realize I owe all this opportunity to you and mother. I have often heard you say how successful she was with the poultry and dairying end of the business."

JOHN SR.: "Thank you, son, but we don't deserve all the credit. In 1900 when we had only a homestead and preemption, with shack and barn, and had to haul water five miles and drive 20 miles to market, the Bank of Montreal made me the seasonal loans I needed to carry on. In five years we had clear title to the 320 acres and three years

later owned 640, with good buildings and equipment. The bank kept on lending for harvesting and feeding, because I carried out my contracts and kept my credit good. You remember, son, we sold out in 1919 for cash, and were able to retire. You were lucky to rent the old place, for it's a good one."

JOHN JR.: "I am lucky, father, and I am trying to live up to your reputation."

## DE BOLT UNITED CHURCH

**DE BOLT, April 18.**—A special Easter Sunday service was held in the above church and the Rev. Jerry De Vere was the special preacher. Mr. W. C. Givner assisted and introduced Mr. De Vere.

Mr. De Vere said he was delighted to have this opportunity of coming to Deloit and preach to the people here. It was something which he often wished for and had just been given to him when Mr. Givner drove into his yard and asked him how he would like to take the Easter Sunday service in the United Church.

Mr. De Vere said the old familiar passage of the rolling away of the stone from the tomb but when the stone was rolled away, the Christ was risen. And now we have the blessed hope that the life will come again. The Christ in Christ shall come forth from their graves.

There was special music by the choir and the church took the appearance of Easter with several green ferns, kindly loaned by Mrs. Jingle and Mrs. Givner.

The collection was on behalf of the church requirements.

Nine new church seats have been secured and the trustees are anxious to secure about twelve more in order to complete the required amount. Mr. J. Turner has offered to make the balance of the seats, then the church will have a very comfortable arrangement of seats. We will appreciate any financial assistance from the friends in order to accomplish this task, and while the congregation was asked, it was a great success, when one considers the state of the roads and the distance many of the people had to travel in order to get there.

We are hoping to be able to announce the beginning of our student minister for the summer. The Ladies' Aid is going ahead, and with the cooperation of the people the services on Sunday should be a big success.

George Givner was found to be ill. He is still in hospital, but always takes a deep interest in the church and the people of Deloit, and we would like to see him at this Easter time, when a new life is coming forth that his illness will soon disappear and he will come forth again as strong as ever, and the people will be glad to have him in their midst again. The friends will be pleased to know he is feeling much better and will be leaving the hospital for his home about the end of the month. He is a very good man and for some little time.

## EDSON TRAIL SCHOOL

**ENTERTAINMENT PACKS HALL.** Miss Belshaw and her pupils conceived the idea of arranging and putting on a society and entertainment evening on the night of Thursday, April 17.

The hall (schoolhouse) was packed to its fullest capacity, people coming from the Peace River, and the other school districts were represented. Miss Mix, teacher of the Darwin school, was on hand to entertain the teacher of Mountain Springs school, Mr. Porter, was present to represent his district.

This was the first visit for many of the audience to the new school and many favorable comments were made on its outside appearance. The inside is very neat and the walls are adorned with letter cards and suggestions for the children. These cards are a real work of art, and the lettering is very good and reflects the ability and taste of the teacher.

The work of her pupils also is not to be overlooked. They were all given a chance to show their work and one can see that her efforts are not in vain.

Miss Belshaw came from Calgary almost a year ago to take charge of the primary grades, and her ability and worth as a teacher are well established.

The teachers are planning many improvements for the school. They have probably the largest flagpole in the Peace River country, and the Union Jack flown from it is a dandy. All are proud of the fact that the Honorable R. B. Bennett contributed the first money towards the new flag.

## BAY TREE NEWS

**FAREWELL TO WINTER.** BAY TREE, April 18.—Easter has come and has brought with it a change to blanket the still sleeping hills and buds. The going of the winter has been a relief to all who take out the frost. A few more series of snows will be seen before the spring is fully established.

The late spring snows on the hills have been a relief to all who take out the frost. A few more series of snows will be seen before the spring is fully established.

When President Roosevelt, presented the Hubbard gold medal of the National Geographic Society to Lincoln Ellsworth on April 15 it climaxed the long and notable career of the polar explorer. Only twelve persons have been honored with the Hubbard award, the select list including the late Roald Amundsen, Byrd and Lindbergh. Some of Ellsworth's achievements include his association with Amundsen in 1915, when the first of the successful aerial polar flights was made; when he accompanied Noble on a diabolical expedition which charted the unknown waste between Alaska and the North Pole; and, since 1932, six flights across the Antarctic, which culminated in his 2,200-mile flight over unexplored Antarctic territory last November, when, with a Canadian, Hollick-Kenyon, he was isolated for a month and a half at the Byrd base at Little America.

The Mayor asked the members if they thought that the machine should be purchased this year, pointing out that such a purchase would possibly mean raising of the mill rate.

Councillor Fortness thought the grade should be purchased right away. He stated that without the proper equipment it is impossible to put the streets in condition. This was the opinion of all the councillors.

However, Councillor Swallow doubted whether the purchase should be made this year.

Councillor Simpson said that he thought the grade should be bought immediately and so moved. The motion carried. It is expected that the grade will arrive in about two or three weeks time.

Mayor Tonley reported on the interview which he and Councillor Fortness had with W. Sharpe, M.L.A. and chairman of the Municipal Hospital Board, in regard to the Hospital Board cooperating with the town in the construction of a proposed trunk line sewer and sewage disposal plant.

His Worship reported that Mr. Sharpe had taken the question up with Mr. Menzies, Provincial Government Engineer, who expressed himself as being favorable to such cooperation. It is expected that Mr. Menzies will visit Grande Prairie early in May and look over the situation.

Ask For Investigation Of Marketing And Grading Hogs Here

Growing out of a statement made in The Tribune in an advertisement over the name of Walter Rathwell, stock dealer, Councillor Fortness moved the following resolution:

"In connection with the drovers' license fee of ten dollars of which Mr. Rathwell complains of in the press;

"Is he concerned about the present development of the hog industry here, or is he a fairweather buyer? I think for an outsider who has been more than squarely treated by the council of Grande Prairie he is meeting to very small tactics to obtain a lot of publicity for himself at the expense of the town, by complaining about the license fee."

"We all appreciate the importance of the hog industry and marketing of the same in town."

## ORPHAN LAD'S STRUGGLE FOR CAREER TENDER THEME OF STIRRING STORY "FRECKLES"

Intensely human drama, delightful romance, and a heart-rending devotion to an ideal are skilfully combined in the film production of the famous novel, "Freckles," which brings Tom Brown to the screen in the title role, showing at the Capitol Theatre for three days, starting Monday, April 27.

"Freckles" is a story of a boy's love for a girl and his gallant sacrifice and epic courage in the face of desperate odds. Written by Gene Stratton-Porter, the story in its transition to the talking screen retains all the charm and appeal of the book as the beloved characters of Freckles, Mary, the "swamp angel," and the mischievous Laurie Lou step out from the written page to add glamour and attractiveness.

Johnstone is ideally cast as Brown's young sweetheart, Virginia Weidler, the eight-year-old child who won acclaim in "Laddie," is seen as the adorable chatter-box, Laurie Lou.

FAMED FOR CHARACTER ROLES  
PAULINE LORD ENACTS QUAIN  
"MRS. WIGGS" FOR FILM DEBUT

Pauline Lord, celebrated star, makes her screen debut in "Mrs. Wiggs of the Cabbage Patch." Paramount's adaptation of the Alice Hegan Rice play, written in collaboration with Anne Crawford Flexner. It comes to the Capitol Theatre on Thursday, Friday and Saturday, April 30, May 1 and 2.

Directed by Norman Taurog, the film, which has preserved all the lovely, lovable philosophy of the novel and play, will be shown at 7:30 p.m. Miss Evelyn Venable and Kent Taylor in the principal roles. "Wiggs" is played by capable child-players, and the story tells the strange and heart-rending tale of a poor struggling family, whose father "thinks too hard to be bothered with work."

The locale of the film is a beginning-of-the-century shantytown, the "cabbage patch," where humorous, courageous but impoverished people share each other's griefs and happiness in the struggle for existence.

## Decision Favors Kellogg's; Suit Is Dismissed

TORONTO.—Justice C. P. McTague dismissed an action at Quebec Hall a few days ago in which the Canadian Shredded Wheat Co. Ltd., Niagara Falls, claimed \$25,000 from the Kellogg Company of Canada, Ltd., and Scholten, Bessie, Toronto, merchant, for alleged infringement of its trade mark.

The Canadian Shredded Wheat Co. Ltd., alleged that the Kellogg Company of Canada, Ltd., used the words "shredded wheat" or "shredded whole wheat flakes" in connection with the sale of flakelets when they had the words registered. The judgment delivered by Justice McTague was that such words are common words, merely descriptive and have not acquired a secondary meaning in such manner as to give Kellogg the relief sought.

"To require the defendant to change the form of its flakelets and to label each individual flakelet," Justice McTague said, "would be to impose an obligation too doubtful as to cost and would go too great a distance in securing the plaintiff of such continuous use of the monopoly which it could further enjoy by patent or trade mark."

The Kellogg Company manufactures Kellogg's Corn Flakes, the original Corn Flakes, Kellogg's All-Bran, Kellogg's Pep Bran Flakes, Kellogg's Rice Krispies, Kellogg's Wheat Flakes, Kellogg's Kaffee-Hak Coffee. Kellogg's products are sold by all grocers and general merchants in every city, town, village and hamlet in Canada.
